

General Update.

JALEX INDUSTRIES PTY LTD (JLX sports - nacraonline.com.au) have been an appointed NacraSailing Dealer for just on 12 months.

During this time we have imported 2 containers of boats and parts.

We have been building stocks of genuine Nacra Sailing parts in Australia including masts, sails, spin poles, rudders, daggerboards etc etc. We have also been working on processes to get un-stocked parts to our customers as quickly as possible from NACRA Sailing.

We now have a fleet of demonstrator boats including Nacra 15, F18 Evolution, and Nacra F16. If you would like to try one of these please contact us to arrange a demo sail!

Our next container is schedule for departure from Europe in July 2025. If you want a boat for the 2026 season now is the time to order so we can ship it for you in this container.

New Gen F18 Regatta St. Tropez

From 19 – 22 of October, a total of 10 teams battled on the waters of St. Tropez. The regatta presented its challenges, with several days of nearly windless conditions, but ultimately, all qualification heats were completed. The event closed off on Tuesday with an all-or-nothing final race.

After a very close call for the finish and 2 protests, we like to congratulate winning New Gen Sailors **Fanny Bourrust & Guillaume Jacolin!** You will see this team racing on our Nacra F18 EVO during the F18 Worlds 2025 in Noordwijk!

Nacra Sailing want to thank everybody for all the support, help and involvement to this pilot event, especially the following;

- All 20 sailors from 5 different nations, participating in this regatta.
- Co-organizer Cedric Bader and his colleagues from Les Ailes de Saint-Tropez, for providing an amazing venue, race committee and catering.
- All the volunteers helping out on- and off-shore
- Sailmon Instruments, for providing live tracking and great drone shots on the water
- Photographer Laurens Morel, capturing every moment of this event.

Continuing our mission to support youth sailors, Nacra Sailing will expand the New Gen F18 Regatta series in the coming year.

2025 F18 Worlds Noordwijk (Netherlands)

Planning is well advanced for the 2025 F18 Worlds in Noordwijk.

We now have 7 Australian Teams confirmed to be sailing NACRA Evos at the event.

If you want to attend this event there is now only a limited number of Charter boats available. If you are thinking of chartering a boat you need to register your interest now! No payment is required to register. Once boats are allocated NACRA Sailing will send you an invoice for your charter deposit.

Alternately if you would like to purchase a new EVO for the event, we can arrange this for you. Buy your boat before the event, sail it at the Worlds and then we will strip, check, repackage and then send your boat back to Australia in our July 2025 container at no additional cost.

As we did last year we will be on site for the event to make sure everything runs smoothly. If you need transport from the Airport to your accommodation we can also arrange this for you.

Details of Charters can be found [here](#):
